## GROVER & BAKER'S FAMILY SEWING MACHINES, Promotes the leisure, health and happiness of home-

OFFICES: No. 15, Public Square. Nashville, Tenn., in he Store formerly occupied by W. H. CALHOUN. No. 495, Broadway, New York. No. 18 Summer Street, Boston.

## Reason why this Machine is Universally Preferred over All Others.

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general 2 It is very simple and is Lever liable to get out of order.

3 It makes a seam which will not rip, though every third stitch is cut.

## 4 It is not a Shuttle Machine. 5 It sews with two needles, making any

youngth stitch desired. 6 It sews from two ordinary spools, and thus all trouble at winding thread is avoided; while the same Machine can be adapted at pleasure, by a mere change of spools, to all arieties of work. tl.7 The same Michine runs silk or linen

fa read, and common spool cotton, with equal og 8 This Machine will sew in the sleeves of a at with the same ease and facility that it sews a straight seam.

9 This Machine can be run to make one thousand five hundred stitches per minute. 10 The seams are as elastic as the most elastic fabric, so that it is free from all liability to break in washing, ironing or otherwise, 11 The stiches made by this machine are

more beautiful than any other made either by hand or machine The price of these Machines at office in New York, range from \$75 to \$150; an additional charge of \$10 only is made on each machine over New York prices at office in Nashville, to defray expenses of importation, &c., to Nash-R. ## PATENT ELASTIC FIRE & WATER-PROOF CEMENT ROOFING

THE undersigned are prepared to introduce into one in Temperate W. F. CHIL'DS & CO'S PATENT ELAS-TIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Companles, and the public to examine its superiority over other

ARCHITECTS AND BUILDERS should not fall to examine this Roofing, as it is better and chexper than any thing in use. The material forms a hard and smooth sur-face that will result the action of the atmosphere in every ctimate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will engage to put our flooling on over ordinary good leathing, old shingles, tar and gravel, tin, sinc, copper, or iron roof--H making no difference how steep or flat they may be-for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure a will rive better satisfaction.

It will also be found to be the best thing ever invented to over or mend old leaks too, tar and gravel roofs, or around chimneys, scuttles, dormar windows, and gravel roofs, or around the is runt d through. This Coment can be put on to last as long as stone, and form a perfect ad exon to any ob-ject to which it is applied. Tin Roofs can be painted over and warranted. and warranted not to leak) at two d liars and fifty cents per hundred square feet, which is cheaper and much bet-less than paint. This Hoofing will be found to be the best fir -such as S vem Mills, Saw Mills, Fectories, Railroad Cars, Bridges, D. pots, Station Nonnes, Steamboat Decks, and, in fact, ev. r. kiud of Roof where there is an externaexposure from fire. As the Roof is prriest, without a join in it, it presents no chance for fire to communicate, and any light sub-tance will burn out without igniting.

Insurance Offices at Cincinnati, and other places where Childs & Co.'s Cement has been used, insure buildings with Roofs covered with this General, at the same rates as for those covered with Iron, Comperer Ten. The Coment will be fornished to those at a distance with directions for using.

Orders sent to the undersigned, through the Post-

Janif GEO. W. COLEMAN. CINCINNATI ADVERTISEMENTS. COUNTERFEIT! CAUTION TO PARTIES PUNCHASING

S. N. PIKE'S MAGNOLIA WHISKY

CINCINNATI, OHIO. THE UNDERSIGNED, manufacturer and a le proprietor of the above brand of WHISKY would respectfully inform his customers and pur chasers of this celebrated brand, that there has appeared in the Charleston and other Southern markers a counterfeit of the above Whisky, being a poisonous imitation, branded similar to his brand; it passes under the name of S. N. Dike's Magnolia Whisky, tincinnati, Olio, and other names similar to S. N. rike. As there is no party in this city of the name of S. N. Dike, it is intended to impose and deceive those who would jurchase the genuine brand. I make this statement to put parties on their guard, as there are several persons in the east and west making an imitation, and using my name with a slight a teration. I have snalyzed several samples of this counterfet brand, and found that it contains a deadly polion; this fact alone impels me to caution the public, protect those who are liable to be ecsived, and prevent the evil results attending the use of this personous imitation. I also hereby caution the counterfeiters of my brand that I will prosecute them to the full extent of the law. The genuine S. N. Pike's Magnolia Whisky is distilled from the best qualitities of Rye and Corn, and is warranted free from any deleterious or obnexious compound, it being a pure and healthy beverage.

Many parties have recently commenced making a brand of Whisky called Magnolia, but they are an immitation of my trade brand, so be careful as d get the only genuine Magnolia Whisky made in the United States, and distilled only by me. EAM'L N FIEE,
